

***Engaging and Understanding Youth  
with Challenging Behaviors***

**MSSWA Region 5 Fall Meeting**  
***Please join us for an informative  
presentation by Dave Wilmes:***

David Wilmes has over 40 years of experience in the field of early intervention with youth whose behavior puts them at risk for being criminalized, pathologized or ostracized from the critical community-based resources that promote healthy youth development. He has authored numerous books, papers, curricula, and evaluation tools to help parents and professionals increase their capacity to engage youth with challenging behaviors. While Mr. Wilmes consults with and has worked with many treatment and correctional facilities, his most fundamental belief is that real growth and resilience primarily happens in the community and usually within the context of family, neighborhood, and school.

**November 3rd, 2017**

**8-10am**

**The Davis Center – Assembly Room  
1250 West Broadway  
Minneapolis, MN 55411**

**Ecompass:**

**Course 90349**

**Section 110675**
